

## WREKIN FORUM

### **Into Christ Consciousness**

- Does the beauty of the cosmos touch your soul?
- Is your heart on fire to create something new?
- Do you long to be a source of healing, embracing the wider whole?
- Are you ready to claim your inner power and make a difference?
- Do you want to engage from a place of inspiration, beyond fear?

Bookings are now being taken for a very special event taking place at the Findhorn Foundation on 7-10 April 2012. This will be a gathering created by group-synergy, as we participate together in silence and meditation, ceremonies of song and story, poetry and dance, in personal sharing, in exploration and in practical discussion. Join us in creating a group chalice as we open a channel for a consciousness that can meet a changing world with compassion and creativity.
